

Science: Exploring God's Creation

Discovering more about how science and Christianity
can support each other in our understanding of God's World

Prof Keith Fox: Can I blame my genes?

Revd Dr Ernest Lucas: Can we believe Genesis today?

Dr Cherryl Hunt: How might Christians think about the environment?

Dr Trevor Stammers: Is Christianity relevant to 21st century bioethics?

Saturday 24th February 0930-1600 // St Andrew's Church, Royal Parade
